#### Your role at L'Arche La Corolle

No special skills are required. All you need is the desire to:

- ✓ meet others to build a relationship of trust.
- ✓ to “be with” people with intellectual disabilities and “do with” them, rather than “do for” them.
- ✓ take part in accompanying people in their daily lives (personal hygiene, help with meals, household chores, social life...).
- ✓ propose and lead activities (preparing dishes typical of your country, learning a song or dance, playing sports, etc.).
- ✓ communicate and collaborate with an educational team.
- ✓ participate in community life.

*A commitment to embracing difference, building relationships of trust and friendship with people with disabilities.*

**Being a volunteer at L'Arche La Corolle means being ready to let yourself be transformed by an unexpected encounter, and to come away different. ... Do you have what it takes? Dare to get involved!**
